

Study Programme: Architecture			
Course Unit Title: Architectural and urban narratives			
Course Unit Code: A328			
Name of Lecturer(s): Žugić Višnja			
Type and Level of Studies: bachelor			
Course Status (compulsory/elective): elective			
Semester (winter/ summer): summer			
Language of instruction: english			
Mode of course unit delivery (face-to-face/distance learning): face-to-face			
Number of ECTS Allocated: 4			
Prerequisites: none			
Course Aims: Research on narrative structures of architectural and urban spaces, as well as narrative practices in architecture and correlating spatial disciplines, with an aim of developing analytical and creative skills for recognising, reading, developing and realisation of narratives on different spatial levels.			
Learning Outcomes: Becoming capable of recognising and understanding different ways of using narratives in the articulation of space; mastering the principles related to the Narrative Embodiment Method, in architecture and correlating spatial disciplines; understanding the creative potentials of using narratives as generators of different spatial systems, and at the same time, understanding the use of architectural spatial framework as a generator of specific meanings and effects in temporary reinterpretations of already built spaces.			
Syllabus. Narrative practices in architecture and urbanism; Types of spatial narratives; Textuality of an architectural form; Textual function of space and its different models; Performative function of space and specific mechanisms of its establishment; Designed narratives of architectural and urban spaces; Generated narratives of architectural and urban spaces; Narrative Embodiment Method in architecture and correlating disciplines; Narrative as a generator of the concept and/or programme in architecture and urbanism – case studies.			
Required Reading: Relevant literature in English, tbd			
Weekly Contact Hours:2	Lectures: 2	Practical work:	
Teaching Methods: Lectures; Practical work; Consultations.			
Knowledge Assessment (maximum of 100 points):			
Pre-exam obligations	points	Final exam	points
Attendance			
Computer exercises			
Tests (4x)
